Key Skills:

✔ **JavaScript ES6:** capable of solving most intermediate problems, quite familiar with the syntax, the built-in data structures and their methods, as well as how the language works under the hood
✔ **TypeScript:** learned to do explicit type annotation
✔ **React, Hooks:** accumulated some experience building things. Can build things for you too
✔ **Redux, Thunk, Saga:** used all of these in a practical project
✔ **HTML, CSS, SCSS:** solid grasp, significant experience writing custom CSS, including animations
✔ **Bootstrap, Tachyons:** used these CSS frameworks in projects
✔ **Elm:** functional language for the front-end. Built a pet project
✔ **Git, NPM:** confident user
✔ **Linux:** the only OS I use
✔ **Vim, VS Code:** code editors
✔ **Node.js:** currently learning
